Featheredge Fencing

Picture supplied by Nailsea Fencing & Gardens

Traditional featheredge fencing is one of the most popular types of fencing which is used all across the country.

FEATHEREDGE BOARD - 125MM (5")

10 boards per linear metre including 25mm overlap.

0.90m x 125mm	10214
1.20m x 125mm	10115
1.35m x 125mm	10117
1.50m x 125mm	10118
1.65m x 125mm	10120
1.80m x 125mm	10122
2.10m x 125mm	10124
2.40m x 125mm	10157
3.00m x 125mm	10233
3.60m x 125mm	10125

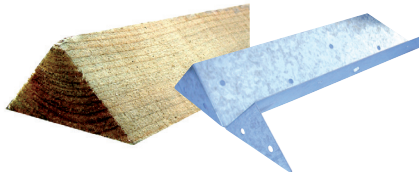

GRAVEL BOARD - 150 X 25MM

1.80m	10101
1.83m	10301
2.10m	10102
2.40m	10103
3.00m	10105
3.60m	10106
4.80m	10107

ARRIS RAIL & BRACKET

Triangular rail which sits in the notches of fence posts and supports the featheredge boards. Brackets can be bought separately.

2.40m Ex 75mm	10050
3.00m Ex 75mm	10052
3.60m Ex 75mm	10053
Arri Rail Bracket	84242

CENTRE STUMP

A centre support stump is fitted to the bottom rail of a long fence run to keep it stable.

0.60m 50 x 50mm	10216
-----------------	--------------

FENCE POSTS

Weathered and notched for Arris Rail.

TWO NOTCHES – LOWER FENCE

1.80m 125x100	10038
---------------	--------------

THREE NOTCHES – HIGHER FENCE

2.10m 125x100	10039
2.40m 125x100	10163
2.70m 125x100	10041

2.40m 75 x 50mm	10302
3.00m 75 x 50mm	10166

CAPPING

Adds the finishing touch to fencing.

1.80m 50 x 25mm	10169
2.40m 50 x 25mm	10303
3.00m 50 x 25mm	10158

Good to know!

- Only nail one board to the rail, never nail through the overlap
- For fixings see page 44
- Small 38 x19mm backing batten is often used with capping. See page 14

FEATHEREDGE PANEL

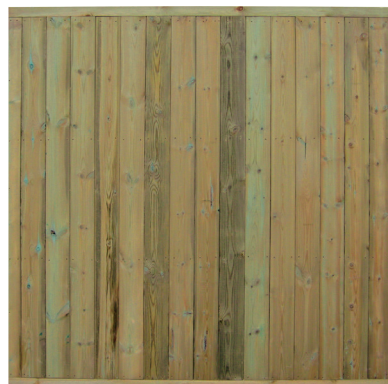

1.83 W x 0.90m H **31023**
 1.83 W x 1.20m H **31022**
 1.83 W x 1.50m H **31021**
 1.83 W x 1.83m H **31020**

ECONOMY FEATHEREDGE GATE

1.80 H x 0.90m W **31030**

T&G PANEL

1.83 W x 1.83m H **31041**
 1.83 W x 1.50m H **31042**
 1.83 W x 1.20m H **31043**

T&G GATE FLAP TOP

1.80 H x 0.76m W **21011**
 1.80 H x 0.90m W **21012**
 1.80 H x 1.06m W **21013**
 1.80 H x 1.20m W **21014**
 1.80 H x 1.37m W **21015**
 1.80 H x 1.50m W **21016**

OVERLAP PANEL

1.83 W X 0.60m H **31005**
 1.83 W x 0.90m H **31004**
 1.83 W x 1.20m H **31003**
 1.83 W x 1.50m H **31002**
 1.83 W x 1.83m H **31001**

OVERLAP GATE

1.80 H x 0.90m W **31024**

OVERLAP PANEL

Photo supplied by
 Grocott Landscapes UK

**BEST
 SELLER**

Whether your priority is security, privacy, noise reduction or visual appeal, we have a great selection of fence panels to suit your needs, taste and budget.

*Good
 to know!*

- All fence panels are made from pressure treated timber
- Concrete posts will prolong the life of your fence
- 1.83m gravel board is ideal for fence panels

Decorative Fence Panels

Photo supplied by
Greenwave Landscaping

Our decorative panels combine contemporary styling and functionality. The rigid slats in the hit and miss style break the force of the wind easing pressure on your fence.

WILTSHIRE PANEL

1.80W x 1.60 x 1.80m H **31081**

SOMERSET PANEL

1.80W x 1.60 x 1.80m H **31055**

DORSET PANEL

1.80 W x 1.80m H **31016**

CHESHIRE PANEL

1.80W x 1.80m H **31017**

*Good
to know!*

- Panels look great with brick
- Planed posts will enhance decorative panels.
- Don't forget posts, post caps & fixings
- For finials see page 16

The Hampshire Range

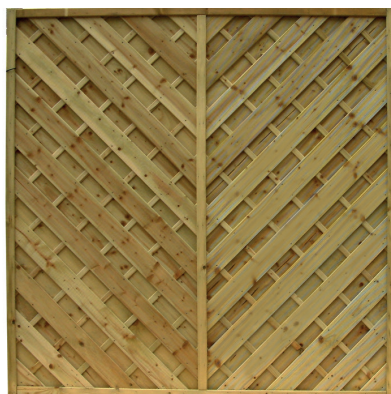

OMEGA PANEL

1.80 W x 1.80m H **31029**

CONVEX PANEL

1.80 W x 1.60-1.80m H **31028**

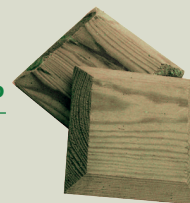

FLAT TOP PANEL

1.80 W x 1.80m H **40319**

THE HAMPSHIRE RANGE

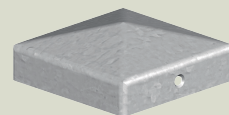

FLAT POST CAP

96 x 96mm For 75mm Post **81009**
120 x 120mm For 100mm Post **81010**

METAL POST CAP

75mm **84056**
100mm **84058**

PANEL FIXING CLIPS

U Clip 45mm **84413**
Fence Clip 47mm **84461**
Screw in Panel Clip **84462**

Willow and Hazel

Photo supplied by
Tom the Gardener

If you prefer natural screening, opt for attractive willow and hazel panels. They blend seamlessly into any garden and are excellent wind breaks which allow air to pass through to reduce some of the force.

WILLOW HURDLE

1.80W x 0.90m H **32002**
1.80W x 1.80m H **32001**

HEAVY FRAMED WILLOW PANEL

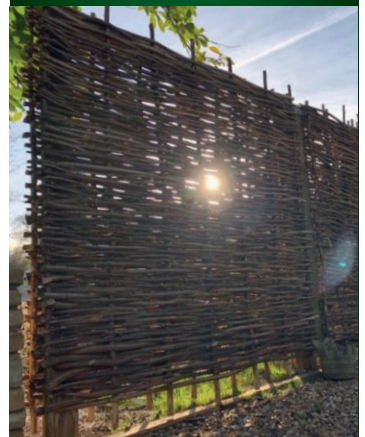

1.80 W x 1.20m H **32008**
1.80 W x 1.50m H **32007**
1.80 W x 1.80m H **32006**

HAZEL HURDLE

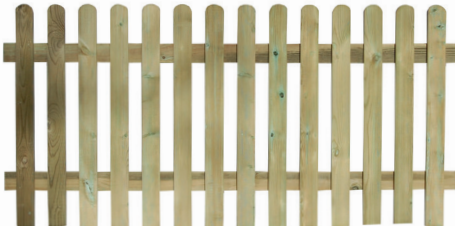

1.80 W x 0.90m H **32009**
1.80 W x 1.20m H **32004**
1.80 W x 1.80m H **32003**

Good
to know!

- Treating willow and hazel with linseed oil diluted in turpentine or with other suitable wood preserver will help to considerably prolong their life span
- Hurdles can be cut to reduce height but it is better to overlap them to reduce width as they can become unwoven if cut

PLANED ROUND TOP PICKET PANELS

1.83 W x 0.90m H **33100**
1.83 W x 1.20m H **33102**

PLANED PICKET GATES

ROUND TOP

0.90 H x 0.90m W **22002**
1.20 H x 0.90m W **22004**

POINTED TOP

0.90 H x 0.90m W **22001**
1.20 H x 0.90m W **22003**

PLANED POINTED TOP PICKETS

0.90m 75 x 20mm **33110**
1.20m 75 x 20mm **33111**
1.50m 75 x 20mm **33112**
1.80m 75 x 20mm **33113**

PLANED ROUND TOP PICKETS

0.90m 75 x 20mm **33114**
1.20m 75 x 20mm **33115**
1.50m 75 x 20mm **33116**
1.80m 75 x 20mm **33117**

ROUND TOP POST PLANED ALL ROUND

Used to support picket fence, these posts have been planed and pressure treated.

1.50m 100 x 100mm **33034**

Picket panels are designed to fit to the back of the post. If you intend to fix to the front you will need to order a single loose picket to fit over the join.

Photo supplied by
Nick White Landscaping

Trellis

Trellis is a great way to separate different areas of the garden, support trailing plants or add a soft screen to provide privacy while allowing plenty of light through. To ensure many years of service, all our trellis is made from pressure treated timber.

NORSE OMEGA TOP

Diamond pattern 60mm mesh.

1.83 W x 1.83m H **30035**

NORSE TRELLIS

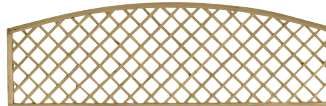

Diamond pattern 60mm mesh.

1.83 W x 0.30m H **30023**
 1.83 W x 0.45m H **30077**
 1.83 W x 0.60m H **30022**
 1.83 W x 0.90m H **30021**
 1.83 W x 1.20m H **30024**
 1.83 W x 1.50m H **30095**
 1.83 W x 1.83m H **30025**

NORSE CONVEX

Diamond pattern 60mm mesh.

1.83 W x 0.60m H **30026**

NORSE CONCAVE

Diamond pattern 60mm mesh.

1.83 W x 0.45m H **30027**

NORSE OMEGA TOP

Diamond pattern 60mm mesh.

1.83 W x 0.45m H **30038**

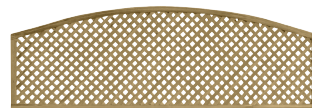

NORSE CORNER

Brilliant for adding that finishing touch to your pergola or garden structure.

0.45 W x 0.45m H **30044**

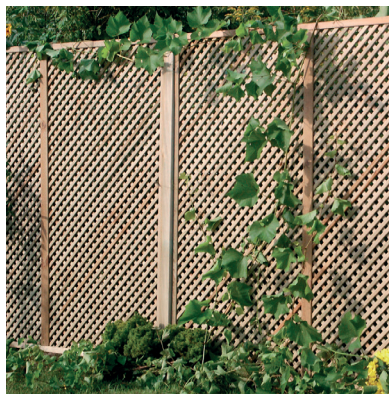

NORMAN CONVEX

1.83 W x 0.60m H **30029**

NORMAN TRELLIS

Style and added privacy with this 25mm mesh.

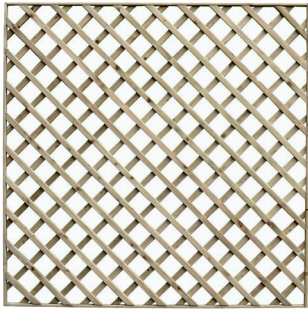

1.83 W x 0.30m H **30047**
 1.83 W x 0.60m H **30048**
 1.83 W x 0.90m H **30049**
 1.83 W x 1.20m H **30050**
 1.83 W x 1.50m H **30096**
 1.83 W x 1.83m H **30051**

Trellis

LATIN DIAMOND TRELLIS

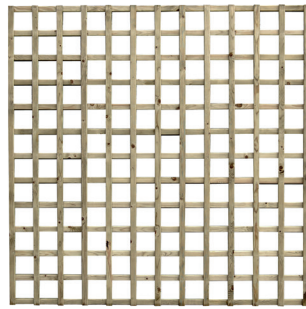

Diamond pattern, mesh size 100mm.

1.83 W x 0.30m H **30089**

Good to know!

- All logs purchased by Fountain Timber to produce square sawn timber within our own sawmill on site have full FSC® certified chain of custody
- 75 x 75mm and 100 x 100mm timber are regularly used for fence posts.

WE STAND BY OUR TIMBER TREATMENT...

We use quality high pressure treatment Wolmanit® CX to treat all our ground contact materials – posts, gravel boards, sleepers, bollards etc to User Class 4 (UC4) – as specified by manufacturer BASF Wolman®. Since the introduction of Wolmanit® CX in 2013 we are confident our pressure treated products will have 10+ year service life protected against any failure caused by fungal or insect attack.

FREE REPLACEMENT UNDERTAKING

Any UC4 product supplied by Fountain Timber Products Ltd which fails during this 10 year period will be replaced FREE OF CHARGE subject to following conditions:

- The timber must be used for the supplied purpose and not placed in any abnormal conditions not highlighted to Fountain Timber Products Ltd at the time of purchase or alternatively removed from their original position and re-used in differing conditions.
- If the product is cut, notched or drilled it is essential the cut ends are liberally treated with quality wood end grain preservative.
- Fence post must not be pointed after treatment.

- The shortening of ground contact products ie. posts, gravel boards, bollards, sleepers etc. should be avoided wherever possible. Under no circumstances should a cut end be placed in the ground, without return for pressure treatment.
- If setting posts in concrete, suitable drainage/run off must be applied, allowing water to flow freely away from post.
- We will require the return of samples (ie whole post, bollard, sleeper...) for any failed product to identify the cause of failure and to test the quality and penetration of the treatment.
- Proof of purchase must be supplied with any claim - this can be by way of receipt, invoice number or delivery note number for the products in question.

PLEASE NOTE:

Excessive damage during installation (ie. splitting of pointed stakes or equalising / planing without returning for re-treatment) as well as damage caused by regular wear, for example regular strimming around the post, **will void protection and warranty and such products will not be subject to free replacement.**

This undertaking will cover the cost of replacement of the product as supplied by Fountain Timber Products Ltd. Any other consequential costs incurred in replacing the products are excluded.

Posts for Fencing and Gates

Our posts are pressure treated to UC4 - to protect them against rot and insect attack and offer 10+ year service life.

SHAPE A STANDARD SQUARE POST

Any post can be finished in the desired shape as an optional extra.

Weston Fencing

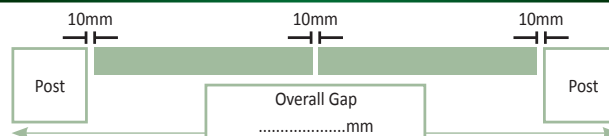

Get the best
from your gates

All our softwood gates are pressure treated to ensure that timber is protected against rot and insect attack and to give your gates extended, low maintenance service life.

Work out the size you need for DRIVEWAY GATES

Easy to use width calculator for installation
between the posts.

Overall gap mm

Minus Post width (x2) mm

Minus hinge gap 30mm..... mm
(10mm for each hinge plus 10mm central gap)

Divided by 2 for each leaf measurement

= mm

When you have confirmed the accurate width of each gate leaf,
simply decide on the height you want.

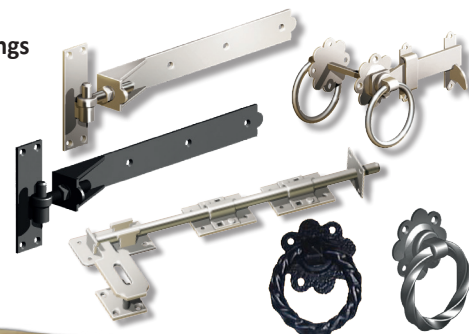

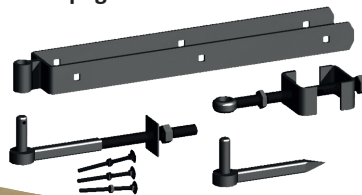

Height mm X Width mm

This formula is for hanging gates between the posts.

For other installation and methods, please see ADVICE PAGES
on our website or call our sales office for assistance.

For the comprehensive range of
quality hardware, hinges and fixings
see page 46.

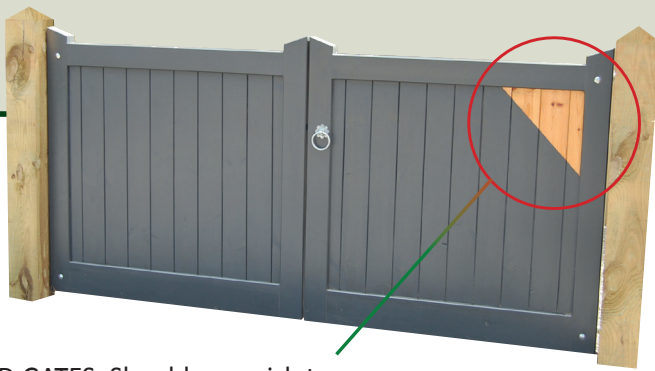

Good
to know!

- Any gate can be made to measure
- Pedestrian gates available to match
- For Decorative & Protective Finishes see page 45

Get the best
from your gates

UNTREATED GATES: Should you wish to use a traditional undercoat and oil based paint to match your individual taste or décor, we can supply any of our gate design in unfinished, untreated timber. Simply request this option when ordering.

Bangkirai Oil is recommended for treatment of Sapele and other dense red coloured hardwoods.

To reduce water ingress and keep them protected, timber gates will require treating with a quality oil, stain or paint. We suggest Treatex products which will offer protection as well as enhance the natural finish of the timber.

Manufactured using natural, sustainable raw materials they are available in simple sheer coating or a range of colours and stains so you can choose finish that best suits your taste and your gate.

SAFE PLAY AREAS

Play grade timber chips are natural, environmentally friendly alternative to rubber type playground surfaces.

Chipped and dried in our on-site woodchip drier our hard-wearing timber chip is free from hazardous substances or harmful chemicals and will not be easily displaced by either the elements or 'wear and tear'.

Our Play Grade Timber Chips complies to BS/ EN1176 and 1177 when installed to a depth of 150mm giving a critical fall height of 3.0 metres. Also available in mini dumpy bags or loose.

PLAY GRADE TIMBER CHIPS

The weight/volume of the pre-packed plastic bags is calculated to one sixteenth of a cubic meter. The contents will cover an area approximately 1.2m² (1.3yd²) to a depth of 50mm (2").

Large Bag 50004

Organic Barks, Mulches and Compost

ORNAMENTAL BARK

An ornamental bark chip with an average size of 40mm. This blend of pine and spruce will last longer than other mulches as it will not break down as quickly.

Large Bag **50005**

SYLVA GROW GROWING MEDIUM

Superb quality, 100% peat-free compost suitable for a wide range of garden applications. A unique blend of fine bark, wood fibre and coir containing balanced nutrients sufficient for the first 4 – 6 weeks of growth.

Large Bag **50018**

BEST SELLER BARK NUGGETS

The very best pine bark available. These reddish brown chunks will provide the ultimate finish to any landscaping project.

Large Bag **50016**

PINE MINI CHIPS

A neat, small chip pine bark suitable for a wide range of mulching applications, particularly on smaller beds and borders or tubs, pots, window boxes and roof gardens. Minimum installation depth 25mm/ 1 inch.

Large Bag **50017**

MULTI-PURPOSE COMPOST

A blend of organic material with balanced plant nutrients, this quality compost will optimise plant growth.

Large Bag **50009**

BRACKEN DOWN

Harvested high in the Mendip Hills, the shredded bracken is mixed with bark and farmyard manure and thoroughly composted to produce a multi-purpose soil conditioner enriched with trace elements.

Large Bag **50007**

Photo supplied by
Outerspace Garden Design

Add colour and depth to your garden landscape project with our environmentally friendly barks and mulches. Great for suppressing weeds while improving soil and retaining moisture.

COMPOSTED BARK

High in humus, this is both a mulch and an excellent soil conditioner which will help break down clay-based soils. Around pH neutral, it can also be mixed with potting composts, improving both water retention and aeration.

Large Bag **50002**

WOODLAND MULCH

This is one of the most economically effective mulches on the market. A composted mix of shredded branches and twigs that acts as a mulch to suppress weeds and improve the soil.

Large Bag **50001**

Firewood & Biomass (Woodchip)

Not all boards will be available from stock at all times. Please check current size availability prior to ordering.

BEST SELLER

SCANDINAVIAN DECKING

Manufactured from Scandinavian redwood, with castellated profile on one side and smooth on the other, the boards are fully reversible and come with a **15 year TREAT RIGHT** performance warranty.

3.00m 120 x 28mm	60001
3.60m 120 x 28mm	60000
4.20m 120 x 28mm	60037
4.80m 120 x 28mm	60040
5.40m 120 x 28mm	60059

Photo supplied by
Jordan Garden Design

Good to know!

- If you use the smooth side of decking, always apply anti-slip coating
- We have a full range of decking products to help you create stunning space to complement your house and garden

IRO - HEAT ENHANCED COLOURED DECKING

Exciting new range of decking boards crafted using an intricate seven-step process that combines an eye for detail with the latest timber technology.

4.80m 145 x 28mm **60061**

BRUSHWOOD DECKING BOARD

Unique and attractive decking inspired by ancient Japanese art of wood preservation.

Wire brushed face to enhance the grain effect, charred surface to accentuate the colour and strengthen the board followed by pressure treatment to create beautiful and long lasting deck.

3.60m 145 x 38mm **60060**

ANTI-SLIP DECK BOARD

Innovative Gripsure anti slip technology combines natural timber decking with two hardened aggregate non slip infills to deliver peace of mind and ensure safe use of the deck all year round. Works even through snow and ice.

15 year TREAT RIGHT warranty and 5 year warranty on anti-slip resin.

4.2m 120 x 28mm

60088

Good to know!

- The TREAT RIGHT performance warranty covers the failure of these timbers from wood decay and insect attack giving you total confidence in their long term performance. (T&Cs apply)

Decking Components

A choice of rails, newel posts and spindles to help you create a balustrade system that will best suit your deck.

Good to know!

- If your deck is above 600mm high different regulations will apply and we recommend you seek professional advice
- Universal rail is not compatible with 32x32mm spindles
- To ensure long service life, timber that is not treated to UC4 (joists, rails, spindles...) should not be in the direct ground contact
